About Me

I'm Dylan ter Bruggen, a motivated software developer currently studying at ROC van Twente. I enjoy working on practical projects where I can apply my programming and design skills. In my free time, I like to game — especially strategy, city builders, and shooters.

Skills

Frontend: HTML, CSS, Bootstrap, JavaScript, PHP, WordPress, Vue.js

Backend: C#, ASP.NET Core MVC, Entity Framework, SQL / MySQL

Tools: Git, GitHub, Visual Studio, .NET MAUI

Languages

Dutch - Native

English
